ALL CAMPERS, NEXT STEP

At GLHF we understand each family has different abilities to contribute to their camper's registration fee. Please select the amount that you are most comfortable with and complete the campership section in the Health Profile. If you are not ready to make a payment, select NONE and return at a later time.

DO NOT USE the **Protection Plan** option.

Woohoo, you completed the first step of registration!
You will need to repeat the above listed steps for each camper you are registering.

Please complete each section in the **camper profile** and reach out to your Hemophilia Treatment Center to complete the **provider form**.

Returning Campers, please update and verify all previously entered information.

Once you complete a section the dot turns from red to green. **When you see all green, CONGRATS, you are registered!**
